## FAST ON THE REEFS.

Excursion Steamer, With Americans Aboard, May Prove a Total Loss.

### DISASTER OCCURRED OFF BERMUDA.

Heavy Sea Endangered One Hundred Lives—Vessel Run Down in English Channel—Other Marine Mishaps.

Hamilton, Bermuda, Feb. 10.—The Quebec Steamship Company's steamer Madiana, Captain Frazier, which sailed from New York on Saturday last for a special cruise among the Caribbean islands with a party of excursionists, has gone ashore on the reefs off this island, and is likely to prove a total loss. Tugs have left here in endeavors to rescue the passengers.

As this dispatch is sent one of the tugs seems to have been able to get alongside the Madiana. The weather is moderating, but some hours must elapse before it is possible to obtain from the passengers details of the disaster, as the spot where she went ashore is quite some distance from here.

The steamer Madiana was built in Glasgow in 1876, and is of 1,983 tons net burden. She is 344 feet 6 inches long, has 9 feet 4 inches beam, and is 29 feet deep. The steamer is owned by the Quebec Steamship company, and hails from London. The Madiana had on board about 100 passengers.

### No Loss of Life.

Hamilton, Bermuda, Feb. 10.—The passengers and crew of Madiana have just been landed. There was no loss of life.

### German Bark Ashore.

Astoria, Ore., Feb. 10.—What is supposed to be a German four-masted bark went ashore at Cape Disappointment. Captain Richardson, of the lighthouse tender Columbine, which returned from the scene of the disaster, says the vessel is resting easily. She is well up on the beach and her men are still aboard.

### Steamer Abandoned at Sea.

Queenstown, Feb. 10.—The British bark Crown of Germany, from San Francisco for this port, arrived here and landed 30 of the crew of the Belgian steamer Maskelyn, Captain Tanner, from New Orleans and Newport News from Antwerp. The steamer was abandoned, in a sinking condition, on Jan. 31.

### Five Seamen Perished.

London, Feb. 10.—The steamer Watchful, of Liverpool, sank the steamer Arthur, of Cardiff, in a collision off Barry. Most of the crew of the Arthur were asleep at the time of the accident and but eight of the men were saved. Five others were lost.

### Passengers Saved.

New York, Feb. 10.—The agents of the Quebec Steamship company have received a cable dispatch saying that the passengers are being taken from the wrecked ship. So far as is known there have been no casualties.

### Favors Elkins' Rebate Bill.

Washington, Feb. 10.—In order that the administration's anti-trust program of legislation may be rendered entirely symmetrical, it is known that President Roosevelt desires that what is called the Elkins rebate bill should be enacted into law. That measure was passed by the senate last week and is now pending before the interstate and foreign commerce committee of the house, of which Representative Hepburn, of Iowa, is chairman. During several days the president has been conferring, as opportunity offered, with prominent members of the house about the rebate bill. It is understood that while Speaker Henderson is not wholly in sympathy with the measure, he will not stand in the way of its consideration by the house.

### Ohio Building at St. Louis.

Columbus, Feb. 10.—The design selected by the building committee of the Ohio commissioners to the Louisiana Purchase exposition at St. Louis is one of the French renaissance style of architecture. The building is to be of plaster composition, two stories high, with rotundas on both floors. The color scheme is ivory for the building, with green for a background. W. F. Burdell, president of the commission, will call a meeting in about two weeks in order to lay before the commission, for its approval, the design selected by the building committee.

### Episcopal Church Robbed.

Newark, N. J., Feb. 10.—Burglars made a rich haul at Grace Episcopal church. They gained an entrance into the vestry and ransacked the church, securing vestments valued at \$10,000. The burglars tried to break into the safe, in which a costly chalice is kept, but were unable to open it.

## HERE AND THERE.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

HELENA STATION, Feb. 9th.—Jackson Darnall has returned from Lexington where he went to consult a specialist in regard to his eye which was injured in an accident caused by his horse falling and throwing him on a rock pile last fall. Mrs. John Early, who has been on the sick list for some time, is not improving and is still very ill with heart trouble.

W. H. Robb is on the sick list.

Mrs. William Luttrell, who has been on the sick list for some time, is improving.

Grimes & Robb have received a great deal of tobacco the last few days.

E. R. Davis sold his crop of tobacco to Grimes & Robb at 6½ cents. They also purchased Mrs. Belle Wells' crop at same price.

Not much ploughing has been done as yet.

The wheat is looking unusually well.

Our school will close the first week in March.

GERMANTOWN, Feb. 10th.—D. C. Frazee, of Lexington, spent a day or so with J. F. Walton looking after his farm.

Will Pollock, of Columbus, Miss., who was called to Lexington on account of the death of his brother-in-law, Charles Herr, is visiting the home of his childhood—the first time in seventeen years.

Next Friday and Saturday night the Pythian Dramatic Club will render two interesting plays.

Mrs. Kilpatrick and daughter, of Maysville, spent Saturday at Dr. Browning's to attend the funeral of their old family servant, Uncle Ned Gray.

To say that the "The Lone Tree Mine," which was rendered by the Dramatic Club, was a success, would be putting it mildly. Several of the members evince no small amount of talent. They had a large and appreciative audience.

EAST LIMESTONE, Feb. 10th.—Mrs. Alex. Rains is suffering with fever.

Mrs. H. P. Emmons, of Cottageville, has returned home after a few days pleasant visit with the family of Richard C. Williams.

Mrs. James Ensor, of Orangeburg, returned to her home yesterday after spending several days with her brother, Robert H. Williams, who is quite ill with pneumonia, having developed from a severe case of the grip.

Mr. and Mrs. Thomas Shoup are on the sick list.

Charles Beighle has about recovered from a severe injury to one of his eyes, resulting from a piece of glass entering the ball near the sight, cutting a gash one-sixteenth of an inch in length, while in the act of scraping melted glass from some article of use. The wound, which was treated by Dr. Ellis, of Maysville, was very painful.

The clothing used by the recent smallpox patients at the pest house has been burned. Five graves mark the newly portioned burying ground as a result of the epidemic, which, together with the pest house, are given a wide berth.

Mrs. George W. Beighle, who was summoned to West Union about two weeks ago in response to a telegram announcing the severe illness of her mother, Mrs. Kratz, is expected home this week. Later reports state that Mrs. Kratz is much better.

Mrs. Richard C. Williams has returned home after spending several days with her sister, Mrs. C. C. Degman, of Springdale, who is slowly recovering from a severe accident recently sustained.

Mrs. Williams was presented by Mr. Degman as a souvenir of her visit—a late copy of the history of the Seventeenth Regiment O. V. V. I. from its organization by Joseph Randolph Cockerill Oct. 1st, 1861, on the old Adams County fair grounds at West Union, O., (afterwards named Camp Hamer in honor of General Thomas L. Hamer, of Georgetown, O.) to the mustering out of the regiment at Camp Dennison. The history contains a graphic sketch of the famous battle at Shiloh and many other interesting accounts, and is written by T. W. Connolly of Company G, and whom the writer remembers when a little tot as the handsome son of the ferryman at Manchester in those bygone days when the present comfortable steam ferry was an object of future anticipations.

## PITHY POINTS.

The law seems to be a terror to Taylor.

Either the law is a fraud or Taylor is a fraud.

Taylor was evading the law when he invaded Indiana.

Taylor is trying harder to overthrow the law than he is to practice it.

Taylor is in contempt of the very law that he pretends to be practicing.

Taylor should either quit the law or quit trying to evade its mandates.

It will take all the law that Taylor knows to keep him out of the law's meshes.

Taylor imagined the law wasn't on his side until he landed on the other side of the river.

About the only law that Taylor appears to be practicing in Indiana is the law of self-preservation.

We don't know so much about Taylor practicing law, but we do know he is practicing deceit, devilry and deception.

Some people say Taylor is innocent, and more say he is guilty, but he himself added credence to the latter by running off to Indiana.

Taylor is said to be practicing law at Indianapolis. What the gentleman needs badly is to have some of the article practiced on himself.

Even had Yousey been promised immunity on condition of making a confession, wouldn't invalidate in the least what he might tell, or make him desire to tell other than the truth of the case.

If Taylor were not the "leader" of the Republican party in his fight for the Governorship, we should like to be informed who was. Bradley is reported as saying that the Indiana fugitive was not the leader at that time.

It likely would have proven less to the confusion and discomfiture of Powers and Howard at their new trials to have had two Judge Cantrells on the bench than one witness like Yousey against them on the stand.

As was predicted, the lie has been cast into the teeth of Henry Yousey by those who had abused Judge Cantrell for his "inhuman treatment" of that individual during his trial. Consistency is indeed a rare virtue.

## ELKINS' TRUST BILL.

House Commerce Committee Agrees to Favorably Report It.

### SEVERAL AMENDMENTS ATTACHED.

Rawlins Resolution Regarding Court-martial in Philippines Referred. Congressional Proceedings and News of Washington.

Washington, Feb. 10. — The house committee on interstate and foreign commerce agreed to favorably report the Elkins anti-trust bill with certain amendments. The committee recommends an amendment to the last provision of section 3, striking out the words "or corporation," so the provision will read: "But no persons shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify to produce evidence, documentary or otherwise, in such proceeding."

The committee proposes that section 3 be further amended by the addition of the following provision: "And provided that the provisions of an act to expedite the hearing and determination of suits in equity pending or hereafter brought under the acts of July 2, 1890, entitled an act to protect trade and commerce against unlawful restraints and monopoly, an act to regulate commerce approved February 4, 1887, or any other acts having a like purpose that may be hereafter enacted, approved February, — 1903," shall apply to any case prosecuted under the direction of the attorney general in the name of the interstate commerce commission."

In the house Mr. Hepburn, chairman of the interstate commerce committee, called up the conference report upon the department of commerce bill.

Mr. Richardson (Ala.), one of the conferees on the bill, to whom Mr. Hepburn yielded 30 minutes, explained his reasons for declining to support the Nelson amendment covering the bureau of corporations. He did not believe the Nelson amendment was aimed at the trusts. He said it was a travesty upon what it claimed to be. Its purpose, he declared, was not to authorize the president to proceed against the trusts, but simply to secure foundation upon which he could base and recommend action. This, he said, was a poor response to the bold threats which were heralded abroad that an extra session would be called unless effective legislation was enacted. It was a "pretext and a subterfuge." He called attention to the language of the amendment that information obtained by the bureau of corporations, "or so much thereof as the president shall direct, shall be made public." "Was that the vaunted publicity?" he asked.

After further debate the report was adopted, 251 to 10. Those voting in the negative were: Ball (Dem., Tex.), Dearmond (Dem., Mo.), Fleming (Dem., Ga.), Liester (Dem., Ga.), Littlefield (Rep., Me.), Little (Dem., Ark.), Reid (Dem., Ark.), Robertson (Dem., La.), Shackelford (Dem., Mo.), and Vandiver (Dem., Mo.).

### In the Senate.

Washington, Feb. 10. — When the senate met a bill was passed increasing the limit of cost of a public building at Evanston, Wyo., to \$179,000. A house bill was passed permitting the town of Montrose, Colo., to enter 160 acres of land for reservoir and water purposes.

The Rawlins resolution regarding court-martial cases in the Philippines was referred to the committee on Philippines. Mr. McComas gave notice that he would call the eight-hour bill up on Thursday. Mr. Quay said he was in sympathy with the effort to secure the speedy passage of the bill, but he would interpose the statehood bill to antagonize it until a day is fixed for a vote on that bill. The conference report on the bill to provide for the holding of the terms of courts in Utah was agreed to.

### Discussed Anti-Trust Bills.

Washington, Feb. 10.—Discussion of anti-trust legislation was continued at the White House. President Roosevelt had several conferences with senators and representatives concerning pending measures, the discussion revolving about the Nelson publicity amendment to the department of commerce bill, the Elkins rebate bill and the Littlefield bill, which was passed by the house on Saturday.

### Physician Destroys Himself.

Chicago, Feb. 10.—Dr. Gertrude H. Woodworth, well known in medical circles here, committed suicide at her home by the use of chloroform. She was 65 years old and a widow. Despondency over the absence of her children, together with ill health, is supposed to have led to the act. Two sons are said to be in Port Arthur, Texas.

## WILD WITH DESPAIR.

Crown Princess Louise, of Saxony, Attempts Suicide.

Vienna, Feb. 10. — Die Zeit reports that the Crown Princess Louise of Saxony attempted suicide. The princess, the paper says, had a revolver concealed beneath her dress and when she found herself alone at the sanitarium where she is stopping she fired two shots at herself. She was evidently in a highly excited state of mind, for both shots went wide of their mark. Before she could repeat the act attendants at the sanitarium disarmed her. The princess, Die Zeit says, is wild with despair, brought on by the refusal of her family to permit her to see her sick boy.

### Young Rockefeller's Property.

New York, Feb. 10.—John D. Rockefeller, Jr., supposed to be about the richest young man in America, owes \$400,000 and has only \$70,000 worth of personal property, according to the statement filed with the department of taxes and assessments. Mr. Rockefeller was assessed at \$500,000. From what could be learned at the tax office, Mr. Rockefeller called there and stated that he had \$400,000 in debts and that his personal property above his debts was worth only \$30,000, but he was willing to pay taxes on an assessment of \$50,000. The commissioners accepted Mr. Rockefeller's figures.

### Estate Closed.

St. Paul, Minn., Feb. 10.—The estate of Norman Kittson, valued at over \$3,000,000, has just been closed in the probate court in this city, nearly 15 years after that well-known capitalist died on a train between Chicago and St. Paul. The St. Paul trust was in charge of it and the estate was divided equally among the eleven children. Various conflicting claims have been settled in the courts. Commodore Kittson was an associate of James J. Hill in early enterprises for the development of the northwest, and was one of the best-known characters in western history.

### Editor Charged With Sedition.

Seattle, Wash., Feb. 10. — J. K. Trame, editor of the Daily Record Mine, of Juneau, is confronted with the charge of sedition. In a controversy growing out of the attempt of Judge M. C. Brown to put a stop to gambling, the Miner has freely criticised the judge. Judge Brown has now appointed a committee of the leading members of the bar to investigate the utterances of the editor and to present their findings to the court. The newspaper says that when the judge leaves the bench to mount the pulpit and lecture the people as to what they should do it has a right to criticise him.

### Portrait of Cleveland.

New York, Feb. 10.—Just before ex-President Cleveland went south for a fishing trip he sat for an oil portrait, which is to be hung in the historical library in the capitol at Helena, Mont., which was admitted at a state in his administration. Freeman Thorpe, of Washington, is the artist. The ex-President gave three sittings at Princeton, and the picture is completed. The artist will go next to Washington to paint the portrait of President Roosevelt for the same collection, which will include portraits of all of Montana's prominent men.

### Largest Bond Ever Filed.

New York, Feb. 10. — The largest single bond ever filed in the surrogate's court of Westchester has been filed with Surrogate Silkman in the matter of the estate of the late Robert E. Hopkins, of Tarrytown. The bond is given by Mrs. Fanny Hopkins, the widow, together with a guaranty and a surety company, and is for \$2,000,000. Mrs. Hopkins was recently appointed temporary administratrix of her husband's estate. The latter amounts to about \$1,000,000.

### New Bridge Over East River.

Pittsburg, Pa., Feb. 10.—Official announcement of the building of the new bridge across the East River at Hellgate, New York, by the Pennsylvania railroad company was made public by Colonel Jos. U. Crawford, engineer of the branch lines of the Pennsylvania system. Colonel Crawford is at present in Pittsburg, looking after the improvements at the Herr's Island stock yards. It is estimated that the new bridge will cost over \$8,000,000.

### Strike Commission.

Philadelphia, Feb. 10. — President Baer, of the Reading company, was an attentive listener to the arguments presented before the anthracite coal strike commission. The nonunion miners, through Attorney John T. Lenahan, of Wilkesbarre, expressed their disapproval of the principles and practices of the United Mine Workers.

Albany, N. Y., Feb. 10.—Gov. Odell has gone to Washington and will remain in that city two or three days. He goes on invitation of President Roosevelt, who desires to confer with him on a number of matters concerning party policy in New York state.

## NO OBSTACLES EXIST.

German Protocol to Be Signed at Washington in a Few Days.

### OFFICIAL ASSURANCE FROM BERLIN.

French Government Doubts the Turkish Sultan's Sincerity—Big Strike in Spain—Other Foreign Intelligence.

Berlin, Feb. 10.—The foreign office officials deny that any insuperable obstacles to the signing of the German protocol at Washington exist. They admit that the comparatively unimportant question of detail has been referred to Berlin, but the signing will occur in a few days. First, Great Britain's protocol will be signed, and then the protocols of Germany and Italy.

From the commencement of the negotiations Germany refused to arbitrate the first line claim, and their inclusion in the protocol created a discussion which the embassy officials do not consider to be a bar to a settlement, though it causes delay. Germany and Italy were fully satisfied with the cash guarantee, and are stipulating nothing remotely connected with Monroism. Great Britain's first line claims are apparently not similar to those of Germany and Italy, but these two countries have the approval of the British government in their present attitude.

### French Skeptical.

Paris, Feb. 10.—The officials here are not disposed to accept the Porte's assurances that Turkey has no intention of mobilizing a large force of troops. When the Turkish denial was brought to the attention of the officials here who have access to the government's source of information the following reply was made: "We have received similar pacific assurances from Turkish sources, but our own information is positive and specific that orders for the mobilization have been actually issued. This was three days ago, and we are unable to say whether the execution of the orders is withheld in view of the effect they have produced among the powers who are seeking to enforce reforms in the Balkans. Our advices further show that the mobilization would affect 240,000 troops."

### To Round Up the Riotous.

Manilla, Feb. 10.—The government is preparing to thoroughly round up the disorderly element in the provinces of Bulacan and Rizal, where the constabulary, in accordance with orders received from the war department, will be reinforced by several companies of native scouts. The rumors from the disaffected provinces are believed to exaggerate the number of hostiles, of whom it is said there are 2,000 in the field. More trustworthy reports say there are not over 500 natives under arms, and that the bulk of these scattered after Sunday's fight. The chief difficulty will be in cornering them. There is little doubt that the hostiles will speedily be suppressed.

### Strike Spreading.

Cadiz, Spain, Feb. 10. — The strike which was begun here recently as the result of general dissatisfaction with the existing conditions is rapidly spreading. Rioters forced the proprietors of all the stores to close their establishments and meetings were held at which violent speeches were delivered, the speakers pledging themselves to continue the fight, even with the use of firearms if necessary. An attempt to wreck an express train by the removal of a rail was discovered in time to prevent a disaster.

### Anarchist Rubino Sentenced.

Brussels, Feb. 10.—Gennaro Rubino, the Italian anarchist who has been on trial here since Feb. 6, charged with attempting to assassinate King Leopold November 15 by firing three shots at the king while he was returning from the cathedral after attending a Te Deum in memory of the late Queen Henriette, was found guilty and was sentenced to imprisonment for life at penal servitude.

### New Law Denounced.

St. Petersburg, Feb. 10.—The opposition of the Finlanders to the new military service law does not abate. Meetings are frequently held in towns and villages, at which the young men pledge themselves to ignore the Russian conscript law, in spite of the punishment recently meted out to delinquents by the czar's decree.

### Wages Advanced.

Pittsburg, Pa., Feb. 10.—The Pittsburg Railways company, operating the traction lines in this city, has voluntarily advanced the wages of 3,000 motormen and conductors one cent an hour, the increase to take effect from December 1, 1902, and to be paid to all who continue in the service of the company until July 1, 1903.

## MAN'S BEST CLUBROOM.

Mr. Andrew Carnegie, in opening a new library and news room at Liverpool recently, diverged from the special subject of the occasion and dwelt somewhat at length on the subject of temperance reform. He complimented Liverpool on leading in the van of progress along this line with such energy that the Glasgow authorities had recently come to the Mersey for instruction. Mr. Carnegie emphasized the point that the great want of the toiling masses was comfortable homes, and he considered that the lack of a quiet room for the husband to spend his evenings in was one of the strongest roots from which intemperance sprang. The best club in the world for any man was in his own home, but the public library, with its reading room, should supply this want to many of the best of working men. Especially should the treasures of the library appeal to young men as a substitute for the allurements of the public house.

## TARIFF SPOILIATION.

It is in the schedule of woolen fabrics, says the Philadelphia Record, that the Dingley tariff shines out in all the exuberance of its spoliation. On blankets valued at not more than 40 cents a pound the duty collected was 137 per cent., and some were imported at that figure. Imports of cloths valued at more than 40 cents a pound and not more than 70 cents a pound paid a duty of 125 per cent. The schedule of duties on women's and children's dress goods is a marvel of extortion, the rates running up from 90 to 148 per cent. Yet the importations last year amounted in value to \$6,457,105, paying \$6,634,835 in duties, or 102 per cent. on the custom house valuation. On flannels the duty was 105 per cent., and on knit fabrics valued at not more than 70c. a pound the duty was 123 per cent. As evidence of the discriminating character of the tariff, plushes valued at more than 70c. a pound are subject to a duty of 85 per cent., while the cheaper qualities of these fabrics pay a duty of 147 per cent. On a total importation of woven fabrics last year of the value of \$14,729,450 the duties collected amounted to \$13,445,306, but the custom house values and duties are far from representing what the American consumers necessarily paid for these fabrics, not to mention the increased cost of domestic woolens through the operation of the duties on foreign imports. Scattered all through this tariff are curious examples of spoliation upon which one stumbles at every step when looking into the returns of trade.

# Interest in Table Linens

## KEEPS UP

And it wouldn't if the lines didn't justify it. There is a big strain on the stocks these days. But it is well sustained. After all that is where we get our strength. The more you keep us at our wits end to give the best for the money, the faster we develop.

The spirit of this linen event is told in four words:  
Best qualities!  
Money saved!  
Not a few pieces marked down as leaders, but "heaps" of handsome damasks from Ireland, Scotland and Germany, priced at the smallest possible margin.

## LINEN ECHOES.

"Lest we forget" our regular \$1.25 and \$1.50 Damask for \$1. Twelve pieces altogether. Odd lots left from the immense-selling of the past week. We have made the uniform price of \$1 as a demonstration that this February sale at Hunt's is an epoch in linen merchandising.

## DAMASK TOWELS 25c.

Yes! You CAN get damask towels every day and everywhere for 25c., but not THIS towel. Big and serviceable in size. Just as good after any number of visits to the laundry. The all linen sort that doesn't mean "except what's cotton." Handsome enough for the guest chamber and sturdy enough for every day use.

## NAPKINS.

Arrested in Austria, hurried across the Atlantic and freed in Maysville. Happy captives, ready for long and cheerful service to those who claim them.

The best, quite the best napkins we ever found to sell for \$2. After this week they return to that price, which honestly represents much for little. Sale price \$1.50.

## COUNTRY LIFE REVOLUTIONIZED.

Telephone and Rural Mail Delivery Give to the Farmer Advantages Heretofore Enjoyed Only in the City.

[Courier-Journal.]

One of the striking changes in life within the past few years—a change much and pleasantly remarked upon—has been the carrying into the country of so many advantages heretofore only enjoyed in the city. The telephone and rural mail delivery have revolutionized country life. The farmer of the present, who can get the market quotations daily, conduct much of his business, order his supplies, set his clocks and talk with his neighbors over the wire, and have his letters, papers and even light purchases delivered at his gate by a postman, is a person very different from him who was obliged to go, or to keep some member of his household going, to town for every little necessity, was several days behind the rest of the world, got his belated letters a batch at a time and went practically without newspapers. The country is no longer isolated from the rapid movement of affairs. Farm life has increased remarkably in repute, its comfort has been greatly enhanced, its loneliness almost banished.

### MISS MARY L. RICKETTS.

Death Claimed This Good Woman Tuesday Afternoon—Had Been Ill Several Months—Funeral Thursday.

Miss Mary L. Ricketts died Tuesday afternoon at 1 o'clock at the family residence on Sutton street, between Third and Fourth. She had been an invalid several months, but bore her long sufferings with patience and fortitude.

Miss Ricketts was born Jan. 25th, 1838, and was a daughter of the venerable T. K. Ricketts, who is probably Maysville's oldest citizen. She leaves two sisters and one brother.

Miss Ricketts was one of the gentlest of women, noble in character, ever devoted to her loved ones, and the many friends of the bereaved family tender sincerest sympathy in this hour of sorrow.

The funeral will take place Thursday morning at 11 o'clock at the residence. Deceased was a member of the First M. E. Church, South, and the pastor, Rev. Dr. Evans, will conduct the funeral services. Interment in the Maysville Cemetery. Burial private.

The remains of little Dollins Rudy Burrows, whose death was mentioned in the last issue of the BULLETIN, arrived here on the 10 o'clock train Tuesday morning, accompanied by the bereaved parents, Dr. and Mrs. James D. A rather small audience greeted Rose Coghlan and company in "The Second Mrs. Tanqueray" at opera house last night. This noted emotional actress would appear to much better advantage in a better play. The "Second Mrs. Tanqueray" is not such a story as any one cares to hear repeated a second time.

Walter Skinner is at the Good Samaritan Hospital, Cincinnati, suffering from two stab wounds in his body, one of which penetrated the lung. Skinner claims he was cut by an unknown colored man, but the police think he was connected with an attempted hold-up of a saloon keeper, in which the latter got the best of his assailants.

### Mason County's Candidate.

Dr. J. M. Frazee, of Mason County, candidate for Commissioner of Agriculture, was in the city Monday mingling with the court day crowd. Dr. Frazee is very popular in this section, where he has many relatives and friends who are warm in his support. Besides being a fine gentleman and a true Democrat, Dr. Frazee is a No. 1 farmer, a business he has prosecuted with success since the war. He was a surgeon in the Confederate army, but has not practiced his profession since then, devoting his entire time to agriculture and its best methods for the soil and for profit.

### EXTENDING THE SERVICE.

Rural Free Delivery Carriers May Now Register Letters and Parcels Left in the Mail Boxes.

WASHINGTON, Feb. 9.—Third Assistant Postmaster General Madden has issued a manual of instructions for the conduct of registry business in the rural free delivery service. The most important innovation provides for the registration of letters and parcels left in the rural mail boxes, the carrier leaving the sender's receipt in the box. Formerly it was necessary for the sender to meet the carrier on the route.

Rural carriers also are required to accept for registration mail matter properly prepared and offered by any one that meets them while on duty, whether a patron of the rural free delivery service or not.

Storekeepers on rural routes customarily receive the mail matter of their patrons, delivering it to them at the first opportunity. Registered mail has not been delivered in this manner in the

past, but it is now provided that on the written order which the addressee is required to leave for the delivery of their mail to the storekeeper, registered mail also will be delivered except such as is indorsed by the senders "deliver to addressee only."

### Hi Henry's Great Minstrels Show This Afternoon and Night.

Hi Henry's big minstrel aggregation, now the largest in the world, after six years absence, will appear at Washington Opera House this afternoon in a children's matinee and again to-night. Many remember what a sensation they caused on their former visit and the fine performance that was given. The Atlanta Constitution says of them:

Hi Henry's minstrels scored a spectacular home run at the Grand. It was the initial performance of the troupe in Atlanta, but the assertion is safe that the organization will be popular with Atlanta theater-goers if it includes this place in its itinerary next year. With seemingly little effort Mr. Henry's organization got away from the beaten path which minstrels for recent years have made tiresome. Their dancing was a revelation to the most callous theatre patrons, and the funny business was well sustained."

See advertisement for prices. Seats now on sale.

### Enormous Bounties Under Hanna Bill.

[Washington Telegram to the St. Paul Dispatch.] If the bill introduced by Senator Hanna should become a law at this session of Congress, the payments under the bill for the first year would be \$216,470,100. The bill provides a bounty of \$100 each for all former slaves between fifty and sixty years old, \$300 each for all former slaves between sixty and seventy years old, and \$500 for all slaves of more than seventy years old. To this must be added payments to 56,532 negroes whose ages are "unknown."

## CHAS. A. WALTHER, Tailor.

It may seem idle talk to say much about Spring Clothing at this time of year. There are some few people who think it too early to place an order, but in having your clothes made to measure—and they really are the only kind that fit and last—two things should be considered. One is,

## "He Who Takes Time By the Forelock" Never Gets Left!

So he who takes advantage of opportunities when presented, and selects his goods and places his order for whatsoever he may need in wearing apparel before the season fairly opens is never left. For why? As usual the good things go first, and he who gets the first is like the "proverbial bird," gets the best that's going. The second thing to be considered is tailors. When spring is here they are very busy, and in consequence late orders are delayed which cause annoyances otherwise avoided. Come and look at my line. Over two thousand styles to select from. Suits made here by the best skilled tailors from \$23 up. Those made by the Globe Tailoring Company, for which I am agent, from \$15 up.

### A CITIZEN'S STORY.

Told by a Maysville Citizen For the Benefit of Maysville People.

The greatest importance attached to the following is that it concerns a Maysville citizen. It would lose three quarters of its interest if it involved some resident of Kalamazoo, Mich., or Woonsocket, R. I. Like all the testimony which has appeared here and like all which will follow about the old Quaker remedy, Doan's Kidney Pills, it comes from residents, fellow-citizens and neighbors. No other remedy can show such a record of home cures. Read this case:

Mrs. R. R. Housh, of 394 Forest avenue, says: "Doan's Kidney Pills quickly relieved Mr. Housh of backache which had been a source of discomfort to him for some time. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets and its proven value is so great that it should be known throughout the world."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
